

Sinovia Mayfield

I am a versatile and flexible front-end developer and operations professional who specializes in managing projects and organizing people to solve problems.

EXPERIENCE

The Iron Yard, Little Rock — Campus Operations Manager

FEB 2016 - MAY 2016

As a campus operations manager, I worked to recruit, support, and coordinate students transitioning into careers in software development.

Arkansas Foodbank, Little Rock — Volunteer Specialist

JUNE 2015 - FEB 2016

I served as the immediate supervisor and coordinator of a volunteer base of 5000 annually. I collaborated with warehouse and program departments to plan, prep, and execute projects to meet the needs of hungry Arkansans.

Arkansas Arts Center, Little Rock — Audience Services Representative, Volunteer Coordinator, Production Manager

AUGUST 2010 - MAY 2015

During my tenure with the Arts Center, I worked as the manager of the children's theatre for three years and eventually as the volunteer coordinator for the museum at-large.

EDUCATION

The Iron Yard, Durham — Front End Engineering

MAY 2016 - AUG 2016

During the 12 week immersive course, I learned to build fully functional web applications and websites using HTML, CSS, JavaScript, and a number of JavaScript frameworks and libraries in an agile, accelerated learning environment

University of Central Arkansas, —

Double Major: Theatre & Psychology

MAY 2006 - AUG 2009

Completed undergraduate coursework in theatre management, production design, and organizational psychology.

DEVELOPMENT PROJECTS

Gentoo — Final project at The Iron Yard- Durham

Built in AngularJS and supported by a Ruby on Rails back end, Gentoo is a gift giving application that allows users to build wishlists and profiles for their friends and family to reference for gift giving ideas.
